The CNC Workshop (Version 2): Nanfara, Frank, Uccello ...
CNC Workshop is a bespoke carpentry and creative fabrication workshop based in Cape Town. We specialize in providing a professional design and create service to organizations and individuals throughout South Africa. From inception through to delivery we can help you design, refine and build your idea.

The Cnc Workshop
The CNC Workshop lessens the dependence on traditional classroom-style learning and maximizes the amount of hands-on CNC programming time available to each student. Using the simulation software allows the student to perform dry runs of all CNC programs in a simulated manufacturing environment.

The Cnc Workshop: A Multimedia... book by Frank Nanfara
Introduction to 3-Axis CNC Machining. This workshop requires previous knowledge in CAM and post-processing. Because workshop is part of the CAD – CAM – CNC process chain, we strongly recommend attending the „ Autodesk Fusion 360 CAM for CNC Machining " workshop prior to this hands-on machine workshop. If you have no experience in CAM post-processing please attend the „ Autodesk Fusion 360 ...
