Sure, you put most of the time working on your engine into making it the strongest, most powerful engine around - but that doesn't mean it can't look nice as well. Just like you would clean up for an important date (yes, that means not wearing a grease-stained shirt, guys), your engine deserves the same pride in its appearance for a big ...

1999-2000 Version 5 and 6: The most modern engine offered in the GC Impreza WRX and STi was the first iteration of the EJ205 and EJ207 found in the version 5 and 6 WRX and STi, respectively. This motor is a competent performer, but has significant differences from the EJ205 found in the USDM 2002-2005 WRX.

Subaru Performance Parts & Accessories | WRX / STi Parts ...

The Blue coolant is scheduled to be changed every 100k, I believe this to be a very bad idea and suggest it every 60k instead. If you change the coolant in an older model Subaru to the new Blue coolant, I think it's unwise to believe the service interval can be stretched out to 100k as well, and do not think it's worth doing.
