100 Things : Every designer needs to know - Summary By Aadi GuruDas.

We design to elicit responses from people. We want them to buy something, read more, or take action of some kind. Designing without understanding what makes people act the way they do is like exploring a new city without a map: results will be haphazard, confusing, and inefficient. This book combines real science and research with practical examples to deliver a guide every designer needs.

100 Things Every Designer Needs to Know about People by ...

The book, 100 Things Every Designer Needs to Know About People by Susan Weinschenk, is an interesting collection of facts and thoughts about how people perceive communications and the world around them.
