While modern books are born digital, books old enough to be in the public domain may never have seen a computer. Google has been scanning books from public libraries and other sources for several years. That means you've got access to an entire library of classic literature that you can read on the computer or on a variety of mobile devices and eBook readers.

Ford Explorer - Wikipedia

Background The leaves of the *Coriandrum sativum* plant, known as cilantro or coriander, are widely used in many cuisines around the world. However, far from being a benign culinary herb, cilantro can be polarizing—many people love it while others claim that it tastes or smells foul, often like soap or dirt. This soapy or pungent aroma is largely attributed to several aldehydes present in ...

P2 Greenhouse Gas Calculator - EPA

Firearm safety training courses may cover firearm operation and safe handling, the physics of firearms, how to clean and repair firearms, firearm laws and regulations, and best practices for keeping firearms away from children or other vulnerable individuals.

About Scopus - Abstract and citation database | Elsevier

The factor for converting gallons of water to kWh of energy is a national-survey average of the energy required to pump raw water to a treatment plant and distribute the water. This tab allows a user to choose either a national or state grid emission factor, which the tool will apply in its formula to convert kWh of energy used to MTCO<sub>2e</sub> emissions.

The Ford Explorer is a range of SUVs manufactured by Ford Motor Company since the 1991 model year. The first four-door SUV produced by Ford, the Explorer was introduced as a replacement for the two-door Bronco II. Within the current Ford light truck range, the Explorer is slotted between the Ford Edge and Ford Expedition. As with the Ford Ranger, the Explorer derives its name from a trim package ...

The National Archives

Indeed, the journal's own news release for Jevrejeva only mentions the headline-grabbing cost of flooding from no adaptation, reaching \$14 trillion annually by 2100. 3 Predictably, this figure of \$14 trillion found its way into the media across the world including Newsweek, Axios, Science Daily, New Scientist, and India Today.
