Cash Rental Rates For Missouri - University of Missouri
The cash rent then increased to \$300 per acre in 2013. Keeping the \$300 cash rent in 2015 could be justified because the landowner did not get as much return in 2006 through 2012, even though the farmer likely will face a loss. (As an aside, allowing cash rents to lag agricultural returns is not a recommended practice.)

Renegotiating Cash Rents Down for 2015 • farmdoc daily
Pastureland cash rental rates average \$24 per acre, down \$4.50 from 2015. While cash rental rates are falling, a survey recently conducted by ProFarmer found that more farmers may choose to walk away from ground that can't be renegotiated—another possible contributing factor to the trend, aside from other more obvious factors, chiefly lower commodity prices.

COLORADO - USDA
Welcome to the September 2015 Colorado Rental Price Monitor! Colorado remains slightly more expensive than national averages, and in this report, we'll look at trends across the whole state as well as variations between cities.
