Part 1: Pictorialism & Straight Photography. Early 20th century art photography develops under the influence of painting. Practitioners create handmade, subjective images in an effort to advance photography as a legitimate art form. By World War 1 all of this changes with the emergence of photography ' s first modern voice.

Encyclopedia of Twentieth-Century Photography

So what transforms the perception of photography in the early twentieth century? Social and cultural change—on a massive, unprecedented scale. Like everyone else, artists were radically affected by industrialization, political revolution, trench warfare, airplanes, talking motion pictures, radios, automobiles, and much more—and they wanted to create art that was as radical and “ new ” as ...
