Service Marketing

Characteristics Of A Service

The first four elements in the services marketing mix are the same as those in the traditional marketing mix.

However, given the unique nature of services, the implications of these are slightly different in case of services. Product: In case of services, the 'product' is intangible, heterogeneous and perishable. Moreover, its production ...

Flashcards | Quizlet

Services have five specific

characteristics. If your

business sells services you

need to take account of each

of the characteristics in

all aspects of your marketing. Service characteristics need to be considered at each stage of the marketing process, from service design through to service sales and service delivery.
