Chevy Engine Firing Order | Hot Rod Reference
He's working on a truck of his own. I was trying to help him out by figuring out the firing order we've tried various ones, It doesn't appear to be misfiring but I have little experience with v8's so i'm not sure what a 502 or a 454 should sound like firing order-wise. I'd happily post a recording.

502/502 Engine (12496963 Base) Long Block Specifications
A zz502 is an injected motor. You have a 502, if it is a new one then it very likely has different firing order (4-7 swap), pull a rocker cover and have a looksee if #7 intakes closes right after #5 intake then it don't have 4-7 swap and it has natural firing order. If it has 4-7 swap then #7 intake will close right after #5 exhaust.
