8th Grade Science Fair Project Ideas

Today's lesson is devoted to explaining the basics of the research project. It is important for students to understand the project as a whole so they understand the expectations as we complete each step. This helps students manage the paper

so they can internalize their motivation to complete it.

Periodic Table of Elements Research Project

8th grade science fair projects tend to involve the scientific method and designing an experiment and not making models or explaining processes. You'll be expected to present data in the form of tables and graphs. Typed reports and posters are the norm (sorry, no handwritten text). You should do the project yourself, rather than enlist heavy-duty help from a parent or older student.
