Early Vedic Age : Origin, Social Life, Economic Life ...

The book presents Morrie's personal religion and personal culture as a clear good, and suggests that it was his freedom from a single religion that allows him the ability to then create his own that works for him. Thus, the book questions how culture and religion shape how we live our lives and what we value.

Globalization: cultural, religious, and economic

Max Weber first identified the relationship between religion and economic behaviour, attributing in 1905 the modern advent of capitalism to the Protestant reformation. Adam Smith laid the foundation for economic analysis for religion in *The Wealth of Nations* (1776), stating that religious organisations are subject to market forces , incentive and competition problems like any other sector of ...
