Dimension of a matrix: The numbers of rows and column of the matrix represents the dimension of the matrix. We symbolically represent the dimension of matrix as follows
Here, r represent the rows of the matrix and c represent the column of the matrix.

A Second Course in Statistics:
Regression Analysis ...

Building on the basic statistical thinking emphasized in an introductory course, a second course in statistics at the undergraduate level can explore a large number of statistical methods. This text covers more advanced graphical summaries, One-Way ANOVA with pair-wise comparisons, Two-Way ANOVA, Chi-square testing, and simple and multiple linear regression models.
