modern browsers offered software engineers the more surprised I became. The standards loosely grouped together as HTML5 offer a wide-ranging set of features from data storage to offline resource storage to file management. In addition, the more I learned about JavaScript the more impressed I became. JavaScript may bear a

A Software Engineer Learns HTML5, JavaScript and JQuery: A ...
Despite their success, many software engineers are apprehensive about JavaScript and HTML. This apprehensiveness is not completely unfounded; both JavaScript and HTML were rushed in their early years and driven by commercial rather than engineering interests. As a result, many features crept in to these languages that should not have.
