### International Financial Reporting Standards (IFRS) Definition

The term structure used for credit terms is to first state the number of days you are giving customers from the invoice date in which to take advantage of the early payment credit terms. For example, if a customer is supposed to pay within 10 days without any discount, the terms are "net 10 days," whereas if the customer must pay within 10 days to qualify for a 2% discount, the terms are "2/10".

### Financial Report Examples for Daily, Weekly & Monthly Reports
