What are Bookkeeping Journals and Entries
The cash book is a chronological record of the receipts and payments transactions for a business. The cash book is updated from original accounting source documents, and is therefore a book of prime entry and as such, can be classified as a special journal.. Unlike other special journals such as the purchases journal or the sales journal, the

Cash Book in Accounting | Double Entry Bookkeeping

In accounting and bookkeeping, a journal is a record of financial transactions in order by date. Traditionally, a journal has been defined as the book of original entry. The definition was more appropriate when transactions were written in a journal prior to manually posting them to the accounts in the general ledger or subsidiary ledger.

General Ledger Accounting | Double Entry
Bookkeeping

The primary bookkeeping record in single-entry bookkeeping is the cash book, which is similar to a checking account register (in UK: cheque account, current account), except all entries are allocated among several categories of income and expense accounts. Separate account records are maintained for petty cash, accounts payable and receivable, and other relevant transactions such as inventory ...
