Introduction. The availability of the new direct oral anticoagulants (DOACs) has significantly changed the therapeutic landscape of anticoagulation and these agents may eventually displace conventional VTE treatment with a rapid-acting parenteral anticoagulant overlapped with a vitamin K antagonist (e.g. warfarin) in appropriately selected patients.

Guidance for the practical management of the direct oral anticoagulants ...

You are correct. In fact, he didn't even need to be a Vietnam veteran. Honor Flights are open to all veterans from WWII, Korea and Vietnam, including service during the periods between those wars. So, if he served in any military capacity during that roughly thirty-year period, he

was entitled to the trip. He may be a bullshit artist, but he did nothing criminal in going on the Honor Flight.

Marty Saffel □ POW-MIA Vietnam Veteran □ Not So Fast

Sepsis was the most expensive condition treated in United States' hospital stays in 2013, at an aggregate cost of \$23.6 billion for nearly 1.3 million hospitalizations. Costs for sepsis hospital stays more than quadrupled since 1997 with an 11.5 percent annual increase.
