Guidelines for Author Submissions - Oxford University Press

The American Cancer Society (ACS) does not have any official position or statement on whether or not radiofrequency (RF) radiation from cell phones, cell phone towers, or other sources is a cause of cancer. ACS generally looks to other expert organizations to determine if something causes cancer (that is, if it is a carcinogen), including:

Author Guidelines - American Chemical Society

ACS is the American Chemical Society's citation style. It is developed by researchers in the chemical field. The chemical field is different from other fields and this is why the chemical researchers have developed a different citation style. They use it to format their papers, articles, journals, and other publications.

Flashcard Section: Army Study Guide Flashcards - Army ...

Chemical Abstracts (CA) nomenclature rules are described in Appendix IV of the Chemical Abstracts Index Guide. A list of ring systems, including names and numbering systems, is found in the Ring Systems Handbook, American Chemical Society, Columbus, OH, 2003, and its latest cumulative supplement.
