Calculator: Add to or subtract from a date

The last two examples showed us that taking away balloons (subtracting a positive) or adding weights (adding a negative) both make the basket go down. So these have the same result:  $(+6) - (+3) = (+3)$   $(+6) + (-3) = (+3)$  In other words subtracting a positive is the same as adding a negative. Subtracting A Negative Number

How to add and subtract fractions - BBC Bitesize
