AbeBooks.com: Advanced Calculus (Dover Books on Mathematics) (9780486457956) by Avner Friedman and a great selection of similar New, Used and Collectible Books available now at great prices.

Advanced calculus book by Avner Friedman

I take Friedman as an example of this school — a good example. I am a mathematics professor at a small Liberal Arts college and regularly teach "Advanced Calculus" using textbooks similar in content to Part One of Friedman's book (limits, continuity, differentiation, integration, sequences and series).

Advanced Calculus | Mathematical Association of America

Intended for students who have already completed a one-year course in elementary calculus, this rigorous two-part treatment advances from functions of one variable to those of several variables. Topics include differentiation, multiple integrals, and line and surface integrals. Complete solutions to all problems appear at the end. 1971 edition.
