4. Perform a manual drum cleaning: a. Open the front cover and remove the drum and toner assembly. W e recommend placing the drum unit and toner cartridge assembly on a piece of paper in case you accidentally spill or scatter toner.. b. Push down the green lock lever on the left side of the drum unit and then lift the toner cartridge out of the drum.

8 Points You MUST Know Before Making Homemade Skincare ...

Ocular irritation . Like most chemicals, SLS can be irritating to the eye when delivered neat as a raw material or at high concentrations. At concentrations <0.1% (w/w), SLS is nonirritating to the eyes of laboratory animals. 1 For this reason, it is imperative for consumer product manufacturers to test finished products for ocular irritation. The U.S. Consumer Product Safety Commission (CPSC ...
