region ethnically homogeneous. Along with direct removal (deportation , population transfer), it also includes indirect methods aimed at coercing the victim group to flee and ...

FSI | SPICE - Koreans in Japan

Simple comparisons and neglecting that migrant discrimination may be based on more than being a migrant hide the fact that there are many factors influencing migrant integration. For example, a migrant may be discriminated against for being a migrant, and also on the basis of their sex/gender, religion, age or ethnicity, among others.

Age Discrimination In Forced Migration

Child migration or "children in migration or mobility" (sometimes more generally "children on the move") is the movement of people ages 3–18 within or across political borders, with or without their parents or a legal guardian, to another country or region. They may travel with or without legal travel documents. They may arrive to the destination country as refugees, asylum seekers, or ...

Child marriage is a human rights violation. Despite laws against it, the practice remains widespread: Globally, one in every five girls is married, or in union, before reaching age 18. In the least developed countries, that number doubles – 40 per cent of girls are married before age 18, and 12 per cent of girls are married before age 15.

of human rights. Many factors interact to place a child at risk of marriage, including poverty, the perception that marriage will provide 'protection', family honor, social norms, customary or religious laws that condone the practice, an inadequate legislative framework and the state of a country's civil registration system.

Integration of migrants into destination society

Article 21 - Non-discrimination. 1. Any discrimination based on any ground such as sex, race, colour, ethnic or social origin, genetic features, language, religion or belief, political or any other opinion, membership of a national minority, property, birth, disability, age or sexual orientation shall be prohibited.

Child marriage | UNFPA - United Nations Population Fund
By the early twenty-first century, over 10,000 Zainichi chose to naturalize every year. In contrast to first-generation Zainichi who had experienced the darkest decades of exclusion and discrimination in the 1950s and 1960s, successive generations who came of age no longer took for granted that naturalization was an act of ethnic betrayal.

Gender Discrimination - an overview | ScienceDirect Topics

Internal migration within countries is also on the rise. Migration is an important force in development and a high-priority issue for both developing and developed countries. In addition, almost half of all migrants are women, and most are of reproductive age. They have specific needs and human rights concerns.
