Airbus A340 - Wikipedia
The A340-600 is the largest-capacity member of the A340 Family. With an overall length of 75.36 metres, and a seating capacity between 320 and 370 passengers in a typical three-class layout or 475 in high-density seating - while keeping the Airbus standard 18-inch wide seat comfort in economy class.

Airbus - Home - Aerospace pioneer
The Airbus A340 is a long-range, wide-body passenger jet airliner that was developed and produced by the European aerospace company Airbus. In the mid-1970s, Airbus conceived several derivatives of the A300, its first airliner, and developed the A340 quadjet in parallel with the A330 twinjet. In June 1987, Airbus launched both designs with their first orders and the A340-300 took its maiden ...
