- D,E-A318, A319, A320, A321 models drawing set - F,G-A330, A340 models drawing. Note 3. The suffix is normally two or three digits. The 2-digit technical specification number is used to describe delivery configuration for parts, which may be different from the production drawing to facilitate installation as a replacement part.

Airbus A320 Systems Study Guide and Switch Light Training ...

Airbus built upon these initial findings in the summer of 2020 by developing and performing a range of simulations which characterise airborne particles dispersal inside an aircraft cabin. The input for the model was robust, and included unique conditions such as cabin pressure, humidity and airflow, in particular regarding the complex aerodynamics as air moves around passengers and seats.
