Air Force One has been an iconic aircraft since before I was born (not caring who was onboard, of course). Yes, I know that any aircraft carrying the U.S. President is called Air Force One, but I am talking about the two VC-25As – built off the Boeing 747-200 – that typically fly the president around the world. Those two planes (registration SAM 28000 and SAM 29000) not only represent the ...
