15th Ed. Steel Construction Manual Available - aisc.org

The Specification provides the generally applicable requirements for the design and construction of structural steel buildings and other structures. The 2016 edition of the AISC Specification and Commentary supersedes and is an update of the 2010 edition. Both LRFD and ASD methods of design are incorporated. Dual-units format provides for both

U.S. customary and S.I. units.

Historical Review of AISC Manual
The American Institute of Steel
Construction (AISC), headquartered in
Chicago, is a non-partisan, not-for-
profit technical institute and trade
association established in 1921 to
serve the structural steel design
community and construction industry
in the United States. [View More](#)
