They also have over one hundred different special collections ranging from American Lit to Western Philosophy. Worth a look.

Introduction To Machine Learning Edition 2, By Ethem ...

Ethem Alpaydin's Introduction to Machine Learning provides a nice blending of the topical coverage of machine learning (à la Tom Mitchell) with formal probabilistic foundations (à la Christopher Bishop). This newly updated version now introduces some of the most recent and important topics in machine learning (e.g., spectral methods, deep learning, and learning to rank) to students and ...
