• If possible, install the SWI-JACK while you are installing the new head unit. Keep in mind you may need to plug in the factory stereo to locate

certain wires; therefore do not complete the head unit installation until the SWI-JACK is working properly. • Plan a general installation location for both the SWI-JACK plug and the control body.

Alpine Support

Slide the Alpine head unit into the stereo installation sleeve until it locks into place. Leave the detachable face on the unit when inserting it into the dash to avoid pushing it too far into the dashboard dock. Replace any paneling that was removed to access the stereo dock, referring to your shop manual for instructions.
