Price when posted: NSE: Rs. 1.90. Dear C,, I agree that Telecom market is sick as it seems in today's context (market cap is an indication but a sentimental one - real game is in cash and how much it was made by these companies over the years since the telecom boom including Airtel and Idea - both with politically connected promoters - and even corporations that are either merged or busted ...

GE Wind Energy – Wikipedia  
High-speed rail (HSR) in China consists of a network of passenger-dedicated railways designed for speeds of 250–350 km/h (155–217 mph). It is the world's longest high-speed railway network, and is also the most extensively used. China's HSR accounts for two-thirds of the world's total high-speed railway networks. In 2019, China started testing a magnetic levitation ("maglev") prototype ...
