Business Ethics – Arguments against Business Ethics Though it is done very, very infrequently now-a-days, some authors and philosophers, nonetheless, do

tend to put forward the argument that businesses being economic entities, should have nothing to do with morals (i.e., with what people do) or ethics (what people ought to do).

An Introduction to Business Ethics - McGraw Hill

Introduction. Governments use laws and regulations to point business behavior in what they perceive to be beneficial directions. Business ethics implicitly regulates behavior that lies beyond governmental control. Business ethics refers to contemporary standards or sets of values that govern the actions and behavior of individuals in the business organization and the actions of the business itself.
