Overview

As shown in Figure 1, SAP BusinessObjects Cloud is positioned as a new capability for companies that are looking to move into a cloud environment and want to leverage a cloud-based analytic tool.. The SAP BusinessObjects BI portfolio is not going to move to a maintenance mode anytime soon, and it is still seen as an investment area by SAP.

integration and extension.

An Introduction to SAP

Download Ebook An Introduction To Sap Business One Cloud

Of course, no book can tell you everything, but "Introduction to SAP Business One" is a very good springboard. The author presents a good flow from a business stand-point as a "jig-saw puzzle" and he cuts out a lot of fluff that is really not needed. I like his philosophy of not duplicating some information just to be filling pages.
