Ancient Chinese Military - Ancient Military  
The crossbow, invented by Chinese in the 7th century BC, and by Greeks in the 5th century BC, was considered the most important weapon of the Chinese armies. The mass use of crossbows allowed Chinese armies to deploy huge amounts of firepower, due to the crossbow's deadly penetration, long range, and rapid rate of fire.

Military history of China before 1911 - Wikipedia  
I have lived in China for 11 years and have studied and read intensively on Chinese military history. Many ancient chinese historians and text recorded army "???" or "???" which is actually just "100,000" or "1,000,000" But chinese historians often exaggerates the number of the army and they often describe armies by horses and the amount ...
