?AP Chemistry Crash Course Book + Online on Apple Books  
AP Chemistry Crash Course Second Edition Book + Online This book is exactly what it says it is: a crash course. It's great for a quick review with material that has a very narrow focus on what actually appears on the final exam, as well as helpful strategies for answering the different types of questions.

AP Chemistry Crash Course Book + Online by Adrian Dingle ...  
This is a strong AP Chemistry review book due to its intense focus on the most important concepts to understand before the test. There's a reason why it's called "Crash Course": It's meant to be used for a quick review, so it covers the material as efficiently as possible without any fluff.

AP Chemistry Crash Course by Michael D'Alessio  
The AP Chemistry Crash Course is no exception. There's also a unique problem with this particular book. It was originally written prior to May of 2014, i.e., prior to the new exam actually coming into being. This means that when the 2014, 2015, 2016 and 2017 exams actually hit, they brought with them a clearer focus on certain topics.

Ap Chemistry Crash Course Book
