State-owned Coal India Ltd (CIL) has been asked to augment the coal supply to power producers to 1.55-1.6 million tonnes per day this week and to further scale it up to 1.7 million tonnes daily after October 20. The coal dispatched by CIL to the power sector on Monday stood at 1.615 million tonnes.

Architect migration, business continuity, and disaster ...

High volume data. Large cloud-native applications often support high-volume data requirements. In these scenarios, traditional data storage techniques can cause bottlenecks. For complex systems that deploy on a large scale, both Command and Query Responsibility Segregation (CQRS) and Event Sourcing may improve application performance.

CQRS
