The rule book has the diagrams and all the army lists. As such it is excellent value. In my view Sue's book is best for someone starting out. Perhaps useful for a young person looking at Ancient Wargaming for the first time. It has a section of lists but has a section describing a sample game and simple terrain building.

Leadhead, Ph.D: Scenarios and Army Lists

For Ancients I like FoG-type lists that define the main army, ex.: a legion, and types/numbers of allies. For Napoleonics I like lists that include nations/numbers of allies for a campaign ex.: Peninsular Campaign for a given year. For WWII and more recent, I like typical force lists (whatever size) that include support elements available.

Miniature wargames are a form of wargaming designed to incorporate miniatures or figurines into play, which was invented at the beginning of the 19th century in Prussia. The miniatures used represent troops or vehicles (such as tanks, chariots, aircraft, ships, etc.). The games may reflect historical situations and armies, or may be futuristic or fantasy-based.

These are a first prototype of the type of army list I'm thinking about. No points values; just suggested values for the more common troops types. We are concentrating on the Peninsular War right now so there are just three lists so far. I need to do some research on the Portuguese before I am confident putting together an early list for them.
