Howl's Moving Castle is a fantastic, beautiful, moving film and though it is, by no means, the twisting, fantastical creature that the novel was, it is nonetheless well worth watching. A definite Miyazaki classic, as long as you take it with a pinch of salt when you compare it to its source.

/ CDR. View fullsize. Howl's Moving Castle is  
an animation fantasy movie written and  
directed by Hayao Miyazaki in 2004. It was  
produced by Toshio Suzuki, animated by Studio  
Ghibli and distributed by Toho. The film is  
loosely based on the 1986 novel of the same  
name by British author Diana Wynne Jones.

Howl's Moving Castle | Anime-Planet

Howl's Moving Castle has such a wonderful mix  
of magic and technology, with many strong  
themes carried throughout—notably on aging  
and on war—but it feels a bit too  
constrained. I really wish this film had a  
little more room to breathe, given how  
immediate the ending feels. However, me  
wanting even more speaks to the fact that  
this is still an amazing film, and absolutely  
worth your time.

I don't wanna say it's bad lest the Ghibli fanboys crucify me, but I really gotta agree. For what it's worth, the art of the movie really is gorgeous. I think if anything it's at least entertaining to view as you would a painting or sculpture lmao.

Howl's Moving Castle (Howl's Moving Castle #1), Diana Wynne Jones Howl's Moving Castle is a fantasy novel by British author Diana Wynne Jones, first published in 1986. Howl's Moving Castle is the first novel in the series of books called the Howl Series.

Howl's Moving Castle Quotes by Diana Wynne Jones

Howl's Moving Castle is as marvelous and magical as Miyazaki's other great work. Something in Disney's advertising or the description I read gave the false impression that it was going to be sub-standard work meaning it was still going to be better than anything DreamWorks Animation was doing (Madagascar was sooo pedestrian).

### Art Howls Moving Castle

After fifty years of quiet, it was rumored that the Witch was about to terrorize the country again. So when a moving black castle, blowing dark smoke from its four thin turrets, appeared on the horizon, everyone thought it was the Witch. The castle, however, belonged to Wizard Howl, who, it was said, liked to suck the souls of young girls.

If you thought the art design was beautiful in Spirited Away (and it is, of course), then you must see Howl's Moving Castle. The art design in this film is singular and absolutely breathtaking. It looks not just realistic, but almost three-dimensional, and actually glows with a romantic depth I've not seen in any other film, either live-action ...

Howl's Moving Castle by Diana Wynne Jones  
Fans of Ghibli's Howls Moving Castle who have read the book, how would you compare the adaptation to the book? Discussion I've only seen the trailers but from what I saw, it seems like the show "shounen-ized" Howl and I'm worried if that is really the case and how true they were to the spirit of the book.
