JSTOR is a digital library of academic journals, books, and primary sources.

Finding Scholarly Journal Articles for Research

If a journal article has a DOI, include the DOI in the reference. Always include the issue number for a journal article. If the journal article does not have a DOI and is from an academic research database, end the reference after the page range (for an explanation of why, see the database information page). The reference in this case is the same as for a print journal article.

Journals | Oxford Academic
