Provides designers, engineers and specifiers with the minimum requirements for the design and construction of unreinforced, reinforced and prestressed masonry, including built-in components, for use in masonry applications.

AS 3700 Masonry Structures | Engineers Australia
Since the publication of AS 3700, much further work has been carried out to produce a new two-part standard, specifically for masonry in houses and other small buildings, designated AS 4773 Part 1 (Design) and Part 2 (Construction). The publication of these standards completes a tiered suite of Australian standards for masonry in buildings.
