In his introduction of the Lowell Lectures on The Ascent of Man, Henry Drummond tells us that though its stand-pont is Evolution and its subject Man, this book is far from being designed to prove that Man has relations, compromising or otherwise, with lower animals.

Henry Drummond (evangelist) - Wikipedia

There is no time like the present to begin to understand where man came from and where he is going. In fact, today is as good as any to begin. In "The Ascent of Man," the author takes one final look at evolution of the species and takes it to the next level of development. He asserts that science ...
