Plato (427–347 B.C.E.) Plato is one of the world's best known and most widely read and studied philosophers. He was the student of Socrates and the teacher of Aristotle, and he wrote in the middle of the fourth century B.C.E. in ancient Greece. Though influenced primarily by Socrates, to the extent that Socrates is usually the main character in many of Plato's writings, he was also ...

Force, mass and acceleration - Newton's second law - IOPSpark

Rules for Distinguishing the Normal from the Pathological. As indicated in Book Three of The Division of Labor, however Durkheim felt that social facts exhibit both normal and pathological forms; and he now added that it was an important part of sociological method to provide rules for distinguishing between them. The primary objection to such a provision, of course, was that such judgments of ...
