How to reset your BIOS UEFI password on a laptop easily - Asus

Hi, I have a G750JX with the 207 BIOS. I would like to upgrade it to 208. However, when I try to flash it I am told I need to have the battery inserted and it needs to be charged at least 20%. I have never charged the battery since I never needed it and that way it will be unused when I one day sell the laptop. One can update the BIOS on any stationary computer without a battery so why not a ...
