"Bright indirect light?" This spot seems bright enough. Your interior light levels form the growth potential of the plant. Your care efforts realize that potential (watering, fertilizing, repotting). Good light is the PREREQUISITE for a plant to grow but the term "bright indirect light" fails to convey anything concrete.

Raava is the spirit of light and peace and, after fusing with Wan, the Avatar Spirit. She is one of the oldest known spirits, having existed over ten thousand lifetimes before the appearance of the first humans. She and Vaatu, the spirit of darkness and chaos, spent much of their existence combating each other, at least since the Harmonic Convergence in 19,829 BG, with neither able to fully ...

To care for peace lilies, plant your peace lilies in well-draining soil and keep them in a bright area away from direct sunlight. Peace lilies are easy-to-grow plants that thrive indoors, and you can also plant them outdoors if you live in a warm, humid climate. The brighter the area, the more likely they are to produce flowers.
