Any 3G or 4G-capable handset with AT&T wireless service will work on an AT&T MicroCell. You can't activate an AT&T MicroCell with a GoPhone ®, but GoPhone users can be added as Approved Users. Handsets with other carriers' services will not work with MicroCell.

How do I Get a Microcell - AT&T Community

Unable to get connection to Microcell Our AT&T Microcell is not interacting with our phones anymore. We are in a relative dead zone for the regular reception so we depend on the Microcell to get and send calls. Our Microcell is showing Green on Power, Internet, and Satellite, however, the 3G indicator is flashing green.

Does the AT&T MicroCell Still Work?

Re: How do I Get a Microcell @lizardance40 - I think we should be a little more clearer about which phones are WiFi-C capable because the MicroCell/WiFi-C questions are going to become more common and quite often I found that while folks may read, they seem to stop when they see a model number and not read the qualifiers.
