From Translation Studies and audiovisual translation to ...

Recent developments in Translation Studies and translation practice have not only led to a profusion of approaches, but also to the development of new text forms and translation modes. Media Accessibility, particularly audio description (AD) and subtitling for the deaf and hard-of-hearing (SDH), is an example of such a 'new' mode. SDH has been evolving quickly in recent decades and new ...

Audiovisual translation has certainly seen one of the greatest and fastest evolutions in the field of Translation Studies over the last few years. Most studies have focussed on audiovisual materials that share a similar function – entertainment and/or instruction – and audiovisual advertising texts have hardly been studied to date.

Audiovisual Translation and Media Accessibility at the ...

She has been invited to give lectures and workshops on audiovisual translation and media accessibility at several universities and institutions in Italy (Bergamo, Trieste, Milano, Roma, Palermo, Bari, Bologna, Napoli) and around the world (Valencia, Sevilla, Barcelona, Leeds, Belfast, Berlin, Cairo,

Nitra, New York, Shanghai).

From Translation Studies and audiovisual translation to ...

The exponential growth of Audiovisual Translation (AVT) in the last three decades has consolidated its place as an area of study within Translation Studies (TS). However, AVT is still a young domain currently exploring a number of different lines of inquiry without a specific methodological and theoretical framework.
