Jean Bethke Elshtain brings Augustine's thought into the contemporary political arena and presents an Augustine who created a complex moral map that offers space for loyalty, love, and care, as well as a chastened form of civic virtue. The result is a controversial book about one of the world's greatest and most complex thinkers whose thought continues to haunt all of Western political philosophy.

Elshtain argues that Augustine's great works display a canny and scrupulous attunement to the here and now and the very real limits therein. She discusses other aspects of Augustine's thought as well, including his insistence that no human city can be modeled on the heavenly city, and further elaborates on Hannah Arendt's deep indebtedness to Augustine's understanding of evil.

Augustine is usually numbered among the pessimists. I'm sure many readers remember being taught Augustine in this way. Political Augustinianism belonged with Machiavellianism and Hobbesianism as a way of looking at the world that stressed evil, cruelty, violence, and a concomitant need for order, coercion, punishment, and the occasional war.

Augustine and the Limits of Virtue. The author shows that, while Augustine clearly acknowledges his differences with philosophy, he never loses his fascination with the Stoic concepts of happiness and virtue, and of the possibility of their attainment by human beings. This fascination is seen by Wetzel to extend to Augustine's writings on grace...
