Description : In the Christian tradition, especially in the works of Paul, Augustine, and the exegetes of the Middle Ages, the body is a twofold entity consisting of inner and outer persons that promises to find its true materiality in a time to come. A potentially transformative vehicle, it is a dynamic mirror that can reflect the work of the divine within and substantially alter its own materiality if receptive to divine grace.

Project MUSE - Augustine through the Ages. An Encyclopedia ...

In fact, one of the values of the book is the joining of perspectives from different ages, thus providing a representative body of material about and insight into Augustine and Augustine studies. Entries in Augustine through the Ages include articles on his life, thought, work, and influence. A gifted man with great insight into both the natural and spiritual worlds, Augustine returned often to the thought both that everything created was good and that the enduring world of eternity was the ...
