Choosing Ball Mounts - Buyer's Guide: How to Choose Ball ...

In operation, this is a dual ball style of ball hitch. That means that one ball is a 2 inch hitch, the other is a 2-5/16 inch. That pretty much covers two of the three most popular sizes of ball hitch, so you're basically buying a product here with very wide computability. It also features 12 inches of drop - 6 inches up and 6 inches down.
