The original use of the term 'informal sector' is attributed to the economic development model put forward in 1955 by W. Arthur Lewis, used to describe employment or livelihood generation primarily within the developing world.It was used to describe a type of employment that was viewed as falling outside of the modern industrial sector. An alternative definition from 2007 uses job security as ...

This is a solid, straightforward design, and it has plenty of statistical power, with 140 subjects in two groups. The report on it was even refreshingly well-written. So this is a rare case of a study that actually produced a persuasive answer, instead of just more low quality evidence that has to be taken with a huge grain of salt.
