It is particularly for those who have been reluctant to take the first step in learning to play, concerned with not being able to make music.

How to Play a Bamboo Flute - wikiHow

Playing a Transverse (side blown) bamboo flute is basically the same technique used in sounding a tone on the end of a glass soda bottle. To create a tone you must blow a stream of air over the outer edge of the mouth hole, splitting the air stream in two. The stream of air entering the mouth hole vibrates within the bamboo flute producing a tone.
