Frances Rosenbluth, Yale University "Bankers, Bureaucrats, and Central Bank Politics is an important scholarly work that raises an issue that economists have largely missed: central bankers are people and have private incentives. How do these incentives affect their decisions?"

Bankers, Bureaucrats, and Central Bank Politics by ...  
The book claims that central bankers perpetuate the myth of neutrality because it serves to cover the distributional costs of monetary policy (p. 10). Christopher Adolph makes the obvious but vital argument that central bankers are not neutral bureaucrats because, for many of them, central banking is a step toward a career in the financial sector.
