Calculated Industries 4065 Construction Master Pro ...  
For example, let's say you buy a house for \$200,000 and rent it for \$1,500 per month. If you get a great interest rate and put down a healthy down payment, your "PITI" (Principal, Interest, Taxes, Insurance) would be about \$985 per month. This leaves you with a \$515 difference between the rent you collect and the monthly "PITI" payment.
