Bonnie is a young and cheerful girl who is always excited to meet new Pokémon. At times, she gets too invasive with Pokémon, similar to Iris, Burgundy and Bianca, causing them to attack her. She is very proud of her brother's accomplishments as an inventor but sometimes criticizes him if his inventions do not work.

Survival following breast cancer is improving, with over 88% of patients alive at 5 years (Ries et al., 2008) although the prognosis appears to be worse in young women under 35 years at diagnosis (Aebi et al., 2000). In the USA, around 3 million women are survivors of breast cancer, and this number is likely to increase with earlier diagnosis and improvements in adjuvant therapy (Ganz and Hahn ...

As we age and become less valued in our society, we struggle to find our place. We have to redefine who we are and identify our purpose. As you'll read later in this article, this is important if you want to be a centenarian. By 2030, it's estimated that 15 million older adults will need mental and behavioral care (APA, n.d.).

6 thoughts on " Are Younger Generations Smarter? Cassandra N Kearns
December 2, 2016 at 1:17 am. I remember talking about this topic in
class one day, and I definitely think it holds true. My parents,
grandparents, etc. all say our generation is so smart with technology
and that we put so much more time into our studies than they ever did.
